

## Quality and Environmental policy

Medscience distribution was established with a clear vision to be a leading distributor in medical device market.

Medscience distribution strives to provide products and services that are reliable, efficient, and meet customer requirements.

Top management is dedicated to fulfilling and exceeding customer expectations by continuously improving its Quality Management System and Environmental management system and the development of their employees.

Medscience distribution and its employees are committed to consistently provide excellent customer service and quality products with the clear scope to improve the experience for all interested parties.

Medscience are committed to satisfying applicable regulatory requirements and compliance obligations that are relevant to company's activities, products and services.

Company's Quality and Environmental Objectives are clearly set out in line with this Policy, and both are reviewed annually at management review meetings.

Medscience is committed to:

- promoting environmentally friendly approach and sustainability opportunities throughout our supply chain
- adapt new ways of carrying out certain activities to reduce the negative impact to environment.
- continuously review company's activities against environmental impact
- reduce resource consumption, waste, and pollution in our operations
- take a proactive approach regarding environmental legislation that affects our business
